

The changing higher education landscape

Peter Tinson
UCISA

The changing HE landscape

What's the impact?

- Cuts, cuts, cuts....
- Fewer staff
- Less recurrent spend
- Capital expenditure cut

Doing more for less...

- Students?
- Quality?
- Research?
- Collaboration?

More of less...

- Institutional objectives
- Coverage of service departments
 - What services can be dropped?
 - What can be outsourced/shared?
 - What gives us competitive advantage?
 - Where can we be more efficient?
 - Where can IT deliver more efficiencies?

Other factors

- Browne review of HE funding
- Overseas students
- Demographics
- Diversification of funding sources

Future direction?

- Collaboration
- Collaboration
- Collaboration

Future direction?

- With industry and commerce
- With overseas institutions
- With each other

Collaboration with industry and commerce

- Employability skills
- Student placements/internships
- Workforce training
- Continual professional development
- Knowledge transfer

Collaboration with overseas institutions

- Large research projects/specialisms
- Chasing the money
- Remote campuses and offshore delivery

Collaboration with each other

- Research
- Identifying what strengthens the sector
- Shares services
- Procurement
- Open source?

Impacts on the IT department

- Off site students
- Better business links
- Remote sourcing
- Know your business
- Know others' business
